### 1. Special Feature: Highlights of the Expo

METI Journal ONLINE, the Ministry of Economy, Trade and Industry's web magazine, has been running a series of 60-second feature articles (in Japanese) every weekday. The following is a selection of the most noteworthy articles from the past week.

**This week's  
topics**

~ Business matching with the world at the Expo ~  
(posted on February 10)

- Expos attracts businesses from all over the world and offers unparalleled opportunities. Osaka is expected to become a major hub for global business exchange.
- The Theme Week is one such mechanism. International business events will be held inside and outside the venue, including trade fairs, investment forums and start-up exchanges.
- A platform for small and medium-sized enterprises (SMEs) will also be available.

Further information

From METI website “Expo 60-second commentary”

- Osaka Healthcare Pavilion – a head-on take on the concepts of “life” and “health” (posted on February 5)
- The pavilion brings together contribution from academia and business across Osaka, including its vibrant SMEs.
- Exhibits will include cardiac muscle sheets generated from iPS (induced pluripotent stem) cells and the “human washing machine”. Visitors can also experience the entertainment of the future, proposed by the popular mobile game Monster Hunter.

## 2. Introduction of pavilion exhibits

This week's  
selection

An introduction of official pavilions selected by the Ministry of Economy, Trade and Industry at its own discretion.

### 1) Canada

- The structure of pavilion represents the natural phenomenon of “ice jam”, when ice on the surface of a river melts and flows, creating intriguing ephemeral ice formations. In contrast to the exterior, the inside of the pavilion expresses Canada's warmth, openness and optimism.
- On the National Day, May 17, a cultural performance CANADA LIVE! will be held, a vibrant cultural programme showcasing Canada's diversity and creativity.

### 2) The Baltic Pavilion (Latvia, Lithuania)

- The concept is WE ARE ONE. It is meant to inspire people to work together towards a better future , through synergies created by the combination of nature, people and technology in the Baltic region. The WALL OF THE FUTURE, displayed in the centre of the pavilion, will feature a wall where messages left by visitors disappear over time.
- The National Days are May 20 for Latvia and July 6 for Lithuania.

### 3) Netherlands

- The distinctive sphere in the centre represents sustainability and sunrise. Inside, new technologies for generating renewable energy from water will be introduced.
- 
- The National Day is May 21. From May 20 to May 24, a collaborative exhibition of Dutch and Japan arts and crafts entitled Common Ground of Arts and Crafts will be held.

### 4) China

- The motif of the exterior are traditional Chinese calligraphy scrolls, where renowned Chinese poems will be inscribed. Inside, the exhibition calls for symbiosis between humans and nature, along with various displays related to Chinese culture.
- The National Day is July 11.

### 3. Event Information (May 4 -May 10)

## 6. Q&As

### 1) Personal information of the Expo ID

There are concerns being raised, particularly on social media, that when obtaining an Expo ID, necessary for purchasing electronic tickets, personal information such as social media passwords may be collected and potentially provided to foreign governments, social media companies or advertising agencies. What are the facts regarding this matter?

- i. Personal information required to register for an Expo ID only includes only name, email address, phone number and date of birth. Registration of social media passwords is not required.
- ii. After obtaining an Expo ID, users can also log in using their existing accounts for various social media services, in a process called external account linkage. Even in such cases, the Association system only obtains the result of authentication by the social media service and not the social media passwords.
- iii. Additionally, it is possible to enter the Expo without obtaining an Expo ID by purchasing paper tickets or ticket vouchers at convenience stores or travel agencies. Expo IDs will be required to make changes to the date and time of visit to the Expo venue, apply for pavilion or event lotteries or reserve shuttle buses.
- iv. The Association has updated the Frequently Asked Questions on its website regarding Expo IDs and admission tickets.
